Steel Additional Arms To Connect To An Open Center Bulk Bag Lifter Yellow

MODEL BBL-OC-RK-A

Fork Truck Attachments / Bulk Bag Filling Station

PRODUCT OVERVIEW

The additional arms make lifting and hanging bulk bags more secure. Constructed of steel, the arms connect with an open center bulk bag lifter. The arms are able to withstand the weight of heavy loaded bags with ease. This design supports loads by lying evenly across the top bars of a storage rack (available separately). Arms allow the bag and lifter to hang steadily with limited movement or jostling. Hardware included.

KEY FEATURES

- Flat surface for consistent stability
- Simple attachment for immediate use
- Extended two prong design for secure positioning
- Powder coated finish for baked in added toughness
