Ergonomic Package Cary Belt Black

MODEL BELT-1

Ergonomic Solutions / Ergonomic Pack Carrying Belt

PRODUCT OVERVIEW

The Ergonomic carrier back support belt is proven to reduce the risk of back problems. It is used by a variety of industries including: workers on building sites, builders, professional movers, storage workers, employee transport companies, production workers, employee hire companies, agricultural workers and harbor personnel. The support belt has easy release buckles on both sides and a wide webbing on the backside to support the lower back. The belt supports the weight of the box, which allows the carrier to have a free hand to open doors, fill out paperwork or help with any other needs they may have while carrying a box.

KEY FEATURES

- Ergonomic design reduces the risk of back problems
- Wide backside webbing supports the lower back
- Belt design supports box weight allowing a free hand
- Side buckles easily release for user convenience
