

Steel LP Tank Lifter 200 Lb. Capacity Yellow

MODEL BTX-LP

Drum Handling Equipment / LP Tank Lifter

PRODUCT OVERVIEW

The LP tank lift is a great addition to the manufacturing and maintenance facilities. The lifter is constructed of powder coated steel for supreme strength and durability throughout daily use. The unit also contains a bright finish for both security and discernibility, both indoors and out. To use simply attach the lifter to a lifting device, such as a fork truck, by utilizing the centrally located chain/hook opening. Once the unit is secured, place the arms tightly under the top and base ridges of the LP tank, lift to the desired height, and transport to the preferred location.

KEY FEATURES

- Smooth finish for simple handling
- Two swivel hooks for attachments
- Compact design for limited storage spaces
- Vertical hook point for balanced lifting
