Ergonomic Solutions / Economy Semi-Automatic Electric Pallet Trucks

PRODUCT OVERVIEW

A semi electric pallet truck is the perfect combination of electric mobility and manual lifting. The battery powered design minimizes the manual labor associated with transferring heavy loads, while the manual hand pump gives the user control of the fork height. An open design provides access to all aspects of the truck for simple maintenance and cleaning purposes. The included lithium ion battery delivers a long life and countless charges. Bench top charger 24V/115Ah is included with unit. Powder coated blue finish. Horn included.

KEY FEATURES

- Ergonomic handle includes forward/reverse throttle control levers
- Sustained power from single battery charge
