Polyurethane Floating Dock System Side Bumper A 10-1/4 In. x 38-15/16 In. x 10-1/8 In. Cool Gray

MODEL FDS-SBA-GCO

Industrial Carts & Dollies / Floating Dock System

PRODUCT OVERVIEW

An edge bumper is a perfect accessory to the floating dock. The edge bumper creates a barrier between the dock blocks and unwanted damage. With a simple lock in bolt, the bumper can be filled with water for balance and steadiness when in the water. After use, the bolt can be taken out for simple draining of fluid and for cleaning before storage. Unfilled bumpers are lightweight and are simple to maneuver in place.

KEY FEATURES

- Fillable for added stabilizing weight
- Perfect for guarding sides
- Polyurethane construction
- Quick interlocking connection
