

Steel 2 Ribbed Drop In Style Guard Rail 30 In Length Yellow

MODEL GR-F2R-DI-3-YL

Protective Barriers / Structural Guard Rails (drop-in and bolt-on style)

PRODUCT OVERVIEW

Protecting equipment, inventory, and most importantly individuals from damage or injury is always a concern. But, with a structurally strong steel guard rail those worries can be eased. This rail is double ribbed for impact resistance both indoors and out. With the drop-in style rail design, accessibility is simple and rails can be positioned quickly. To put in place simply slide the rail sections into the post saddles. Powder coated finish for built in added toughness. Additional posts are available and sold separately. If adding a rail to an existing rail and post section, only a single post is needed.

KEY FEATURES

- 2 Ribbed design for secure protection
- Yellow baked-in powder-coated finish for added toughness
- Drop-In rail with brackets and hardware
- Pre drilled surface mounting holes
