

Steel Heavy Duty Double Cantilever Uprights 10 Ft. 42,600 Lb. Capacity Blue

MODEL HDU-C-10-24

Storage Solutions / Heavy-Duty Cantilever Racking

PRODUCT OVERVIEW

The Heavy Duty Cantilever rack double-sided upright is completely adjustable for application specific design flexibility. Long, welded stock is handled quickly and efficiently by forklift; instant accessibility to one (1) piece or a full load. Arms are adjustable up and down the length of the upright. To adjust, align arms with pre-drilled holes and bolt in (hardware included). All arms feature lips to prevent product from falling off. Uprights and arms are sold each, not in pairs. Custom rack systems can be designed for your special application.

KEY FEATURES

- Upright design is completely adjustable for application specific design flexibility
- Arms feature lips to prevent product from falling off
- Arms are adjustable up and down the length of the upright
- Heavy duty design easily handles high capacities
