IMB Series Debris Collector Ends 2 Pack Steel/Plastic Red / Black

MODEL IMB-DCE-2PK

Fork Truck Attachments / Industrial Mega Brooms

PRODUCT OVERVIEW

Sometimes there is so much dust and debris that a broom just can corral it all. With the use of the debris collector ends, those days are over! The attached ends make sure that debris is maintained in front of the broom and does't fan out throughout the use. If by chance any particles do try to escape, the collector ends have their own row of bristles which catch any misguided pieces!

KEY FEATURES

- Steel built frame
- Polypropylene bristles
- Two visibility markers included
- 36" tall markers
