Steel Folding Mezzanine Ladder with 115V Power Storage 72 In. Mezzanine Height 23-5/8 In. Step Width 350 Lb. Capacity Blue

MODEL LAD-FM-72-PSO

Industrial Ladders / Mezzanine Ladders (face mounted/retractable)

PRODUCT OVERVIEW

The powered mezzanine ladders are used for infrequent usage to access mezzanines. They are quickly powered into climbing angle and back into stored position. The wheels roll on the ground when ratcheted and the handrails mechanically rise into climb position when ladder locks into position. Quickly extend and retract the ladder with the hand held pendant. The mezzanine ladder allows for quick installation. The unit keeps a small distance from wall for compact storage. Customer must provide their mezzanine height at time of purchase. Baked in powder coat blue finish for added toughness.

KEY FEATURES

- Great for condensed work areas
- Treaded step design for sure footing
- Attached casters provide simple maneuvering
- Collapsible handrail

CORE PRODUCT DATA
