Steel Low Profile Economy Pallet Truck with Scale 67-1/2 In. x 20 In. x 47 In. 5000 Lb. Capacity Yellow

MODEL PM-2048-SCL-LP-E

Ergonomic Solutions / Pallet Trucks with Digital Scale

PRODUCT OVERVIEW

A low profile pallet truck is an economical way for one person to move heavy pallet loads without the use of a fork truck. With a scale included, items can be weighed and moved all in one unit. This brings efficiencies to warehouses and shipping areas, while bypassing the traditional time consuming weigh areas. The casters (two steer and two rollers) give the pallet truck quick movement and smooth turn-ability. The forks are built of steel and are powder coated yellow.

KEY FEATURES

- Scale includes (1) 6V 4 amp battery
- Manual hydraulic lift and lowering
- 5000 lb capacity
- Large digital screen display with multiple weight functions
