Steel Vertical Drum Gripper/Rotator Stacker With Gripper Max Reach 35.5 In. Dispensing Height 71 In. 800 Lb. Capacity Black / Yellow

MODEL S-MU-VDGR-64-REACH

Drum Handling Equipment / Fully Powered Vertical Gripper/Rotator

PRODUCT OVERVIEW

The fully powered vertical drum gripper/rotator is a great asset for the manufacturing and distributing industries. The shortened length allows for use in very tight areas, while the extendable reach helps load and unload places where access is limited, such as pallets and skids. A walk behind design with a max unloaded speed of over 3 mph and a single handle control makes maneuvering into the desired position easy, maximizing efficiency. Long term battery charge allows for constant daily use without needless downtime.
