Steel Adjustable Fork Hand Truck 32-3/16 In. x 20 In. x 49-1/16 In. 250 Lb. Capacity Blue

MODEL SFHT-20-250

Industrial Carts & Dollies / Adjustable Fork Hand Truck

PRODUCT OVERVIEW

Is a standard hand truck not enough? Time to upgrade to a hand truck with forks. Forks allow the user to gather and maneuver large items that wouldn't fit securely on a standard hand truck. The forks are adjustable for a more precise fit, depending on the size of the product being transported. When not in use, the forks fold vertically into the body of the unit for more compact storage. Large wheels absorb shock when traversing over uneven or rough surfaces. Powder coated finish for added toughness.

KEY FEATURES

- Adjustable forks to fit the users' needs
- Extended handle for a more ergonomic experience
- Small footprint when in storage
- Long forks to carry an array of load types
