Steel Semi-Automatic Stretch Wrap Machine 60 In. Turntable Diameter 5,000 Lb. Capacity Blue / Yellow

MODEL SWA-60

Packaging Equipment / Medium Duty Powered Stretch Wrap Machines

PRODUCT OVERVIEW

The semi-automatic stretch wrap machine is a great addition to the shipping department or at the end of a production line. This unit is complete with a powered turntable and counter-balanced stretch film mast. The unit's motor has a soft start/stop and variable speed control. It comes with one film rod with special spacers that can be used with any height roll stretch wrap material between ten (10) and twenty (20) inches.

KEY FEATURES

- Stretch wrap design increases shipping productivity
- Simple depress foot pedal powers turntable
- Manual mast allows user to wrap the needed areas
- Steel construction provides a long lasting rugged use
