100% Recycled Plastic Trash Receptacle Round 33 Gallon Brown

MODEL TR-PR-33-BN

Facilities Maintenance / Trash Receptacles

PRODUCT OVERVIEW

The large capacity 33 gallon receptacle can be used for trash or as part of a recycling station. Made in America of 100% post-consumer recycled plastic and is available in seven (7) colors with a black top. Stainless steel fasteners ensure a rust resistance long life, and are internal to provide a clean, blemish-fee appearance. Keep your environment clean and keep plastic out of the landfill at the same time. Rain caps available. We've added flare to utility with our round flare top receptacle! The unique design has a 33 gallon capacity and is made in America of 100% post-consumer recycled plastic. It's eco-friendly while helping keep trash/recyclables in their place.

KEY FEATURES

- Sturdy design for lasting life
- Attached closures to provide a tight seal
- Great for both indoor and outdoor use
- Lightweight for smooth transporting
